**ONLINE REGISTRATION COMING SOON!!!**

As Spring approaches, the NYFL staff is already busy preparing for the Fall 2006

season. We can't wait to see all of the kids playing and cheering again! Running an organization like the NYFL involves a lot of hard work, but it's always worth it when we get to watch the kids on game days.

Last year, we had the opportunity to merge with another league. While the merge was great for creating a larger league with more teams, it brought with it a number of problems. We changed many of our policies to accommodate the other league, and experienced huge "growing pains" from the rapid increase in our numbers. After a difficult season, some of the commissioners from the old league have decided to break off from the NYFL to form their own league. We wish them the best, and hope that the different philosophies and structures of the two leagues will give parents the opportunity to choose the one that will work the best for their children.

Over the last few months, we've had time to reflect on both the positive and negative aspects of last year. We've worked to correct the problems from last year, and continued to improve our program to provide you with the best possible experience. We've learned a tremendous amount from the first two seasons that will help us to create a great organization -- now and in the future. After careful consideration, we're also making changes to the League that will make it safer and more enjoyable for everyone.
